

Payable on Death Designation

Donor Name

I hereby pledge the sum of \$ _____ to Menorah Park Foundation on the following terms;

1. This pledge is not payable until after my death and is to be paid within three (3) months after my death.
2. It is to be paid from my estate (probate estate) or from any other property or interest in property over which I have control immediately before my death, including my share or interest in any joint and survivorship property, property with a beneficiary designation (TOD, POD, retirement plan etc.), property in a trust that is revocable until my death or any other like property passing on my death outside of probate. It is thus then both a claim against my estate and a claim against those nonprobate assets and shall be apportioned among and paid from nonprobate assets as provided by Section 6-102 of the Uniform Probate Code (whether or not that statute then applies to my estate) except to the extent that my will, trust instrument or other nonprobate asset arrangement makes other provisions for its apportionment and payment.
3. This pledge is revocable by me. However, in consideration of like pledges by others, I agree that it may be revoked only by written notice by me (or by others authorized by law to act for me) actually received by Menorah Park Foundation before my death. If not so revoked, it becomes irrevocable upon my death.
