

INSTITUTE FOR HEALTHCARE EDUCATION
27100 Cedar Rd - Beachwood, OH 44122
216-360-8216 or aschancel@menorahpark.org

May 24, 2017
9:00 am - 12:15 pm
(Registration 8:45 am)

Approved 3 CEUs
Administrators (BELTSS),
Nurses, Social Workers &
Activity Professionals

Objectives...

1. Discuss changes with normal aging, mild cognitive impairment and current research
2. Identify potential concerns for adults with mild cognitive impairment
3. Explain communication techniques that can enhance quality of life for those with mild cognitive impairment.
4. Review resources that families and caregivers may find useful for adults with mild cognitive impairment.

Presented by...
[Kathryn Kilpatrick, M.A. CCC/SLP](#)
www.connectionsincommunication.com

Kathryn Kilpatrick M.A. CCC/SLP has more than 4 decades of experience working with older adults and their care partners, primarily in the area of home health as a speech-language pathologist. She is the author of more than 30 products to enhance communication and connection including an extensive series of brain games for those with mild to moderate dementia. Kathryn also offers ongoing "Keep Your Brain Sharp" programs for older adults in a variety of settings. Her website, Communication Connection, provides her extensive blog series on aging concerns as well as memory fitness blogs focusing on successful aging along with ideas for challenging your brain.
